### **Protective devices :**

Goggles giving complete protection to eyes. Plastic or synthetic rubber gloves. Eyewash bottle with clean water. Suitable respiratory device when necessary.

### **Action in case of spillage :**

Completely contain spilled material with dikes, sandbags, etc. Keep out of water supplies and sewers. Liquid material may be removed with a properly rated vacuum truck. Flush spill area with water, if appropriate. Releases should be reported, if required, to appropriate agencies.

### **First Aid :**

#### **Inhalation**

Remove to fresh air.

#### **Eye Contact**

Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissues. Washing eyes within several seconds is essential to achieve maximum effectiveness. GET MEDICAL ATTENTION IMMEDIATELY.

#### **Skin Contact**

Remove contaminated clothing. Wash skin with soap and water. Obtain medical attention if contact has been widespread and prolonged, or if irritation persists. Wash clothing before reuse.

### **INGESTION**

If swallowed, do not induce vomiting. Rinse mouth out with water. Give water. Never give anything by mouth to an unconscious or convulsive person. If vomiting occurs spontaneously, keep airway clear. GET MEDICAL ATTENTION IMMEDIATELY.
